

June 29,2020

Dear Family Members,

Welcome to our weekly “update” and a bit of news from 2999 Schurz Avenue! We are hoping that New York City will enter PHASE 3 shortly and the guidelines will allow nursing homes to loosen up some of their restrictions.

Our staff and Sisters continue to test weekly and we are happy to say that there have been no new positive cases. Tray service is still in effect and it continues to be necessary for the Residents to socially distance. Although it looks like summer outings will be out of the question this year, our Residents continue to enjoy “patio” outings when the weather permits. Our Activity staff continue to use their creativity to find fun ways for the Residents to enjoy themselves and engage in satisfying games and activities.

We are deeply grateful for your continued support as together we face the challenges of the consequences of this virus. We look forward to the day when we can again open our doors to families, and our volunteers. We miss everyone but know you understand how essential it is to be vigilant for the safety and well being of our Residents.

Sincerely,

Sr. Gertrude Mary lsp
