

January 1, 2021

Dear Family members,

You will be relieved to know that the test results came in today and all Staff, Sisters and Residents were negative. Everyone will be tested again on Wednesday and please join us in praying that we will receive the same negative results.

We are still scheduled for the second dose of the vaccine on January 13<sup>th</sup>. Those who did not receive the first dose on the 23<sup>rd</sup> of December will have the opportunity to receive it on the 13<sup>th</sup> as well. Praying that everyone had enjoyed the holidays while respecting social distancing and wearing masks. God bless.

Sincerely,

Sr. Gertrude Mary lsp
