February 20,2021

Dear Family Members,

Ash Wednesday has opened the doors to another Lent in the midst of the Pandemic. How could we ever have imagined spending yet another Lent within the restrictions caused by the Covid-19? But here we are! This Lent will offer even more opportunities to express our LOVE for God by accepting these challenging times with faith and trust.

The good news is that all staff, Residents and Little Sisters have tested negative this week. We have two staff members on furlough due to an exposure, but thank God they have tested negative so far. Thankfully we are allowed to continue with limited visitation. Despite the overwhelming amount of snow, we are looking forward to the Spring, the celebration of the feast of St. Patrick and of our beloved patron and protector St. Joseph. Stay safe and have a wonderful weekend.

Sincerely,

Sr. Gertrude Mary
