

Jeanne Jugan Residence
2999 Schurz Ave
Bronx, NY 10465

February 5, 2021

Dear Family Members,

We are writing to give you an update on the present situation here at Jeanne Jugan Residence. Some good news! We were able to release the quarantined unit this week and are now prepared to restart family visitation on Monday, February 8th (as long as we do not have any additional resident or staff member test positive in the meantime). You can contact Melanie on Saturday, February 6th to request a time slot for visitation. With the cold weather, window visitation at the back patio will not be available at this time.

All residents were retested for COVID-19 on Wednesday, February 3rd and all were negative.

All staff and sisters continue to be tested for COVID-19 twice a week and everyone except two furloughed staff members were negative this week.

Our third and final vaccine date was February 3rd. We are happy to announce that the majority of our staff members have completed their vaccination against COVID-19. We hope this effort will help to protect the residents from this terrible illness.

Have a great weekend and stay safe.

Sincerely,

Sr. Gertrude Mary
