February 28, 2021

Dear Family Members,

This is a short update since our last letter to let you know that we have three employees presently furloughed. On the bright side, all other staff members, Residents and Sisters tested negative this week. As you know, due to the one positive employee, we were obligated to terminate limited family visits for the time being.

We continue to hope and pray that as we move forward and more of the vaccines are distributed, we will slowly see all these restrictions coming to an end. Very united as we continue to prepare for the feast of Easter.

If you haven't noticed, we do plan on selling Irish Bread this year. If interested contact the front door and check out our website. God bless.

Sincerely,

Sr. Gertrude Mary
