

Jeanne Jugan Residence  
2999 Schurz Ave  
Bronx, NY 10465

April 10, 2021

Dear Family members,

I'm sorry to have to inform you that the test results of one of our staff members who worked on both sides of the unit came back positive today, which puts us back into lockdown and suspends ordinary visitations once again. We understand how difficult this must be for you as it is for us.

All the residents will be tested on Sunday. All the sisters and the rest of the staff tested negative this week. We continue to count on your prayers for the elimination of this pandemic and a return to some kind of normalcy. As we continue to celebrate this beautiful Easter season and the feast of Divine Mercy on Sunday we confide to the Heart of Jesus our present situation and our hopes that things will improve. God bless and have a wonderful weekend.

Sincerely,

*Sr. Gertrude Mary*
