April 3, 2021

Dear Family Members,

Happy Easter! We are happy to tell you that we will hopefully be able to eliminate quarantine on Wednesday on the Francis Unit if everyone tests negative on Monday. As you may know, we have ongoing window visits presently as well as indoor visits on the Clare side.

We are hoping to have new gates installed soon which will allow comfortable outdoor visits. This project should be completed around the time we will start seeing some really nice warm weather.

We want to again thank the three family members who paid for a month of the Yankee channel for the Residents. Some of the Residents are avid baseball followers and look forward to this time of the year. Wishing you a safe and very Happy Easter season! Hopefully we will soon enjoy freedom from the constraints of this terrible pandemic! God bless.

Sincerely,

Sr. Gertrude Mary
