

May 8, 2021

Dear Family Members,

Sending blessings for all those celebrating Mother's Day tomorrow. Happy to announce that all Staff and Sisters tested negative this week and the Residents are enjoying limited activities in small groups again. Limited family visits have resumed and the Residents have been lavished with gifts as we prepare to celebrate Mother's Day.

Tomorrow the Sisters will distribute beautifully arranged small plants and a small bag of chocolates. We are hoping that The Department of Health will loosen up on some of the COVID-19 regulations in coordination with CDC recommendations. We will keep you posted.

In the meantime have a great weekend!
