Dear Family Members,

I'm sure you are anxious to know how we fared after Ida. Thank God we did not lose power and although we had a very flooded basement, elevator shaft and leaks around the house, there were no catastrophes. We are grateful for the protection of our patron St. Joseph who prevented the situation from being much worse. Our devoted maintenance crew worked incredibly hard all day to remove all the water and did a fantastic job!

As we mentioned in our last letter, we have resumed life before the quarantine and the Residents are enjoying meals and activities together again. Everyone tested negative this week on the last round of testing.

We are starting to receive directives concerning the booster vaccine and will keep you posted. We are not planning an outdoor picnic for Labor Day but the Residents will enjoy a barbeque lunch on the 6th! We hope you enjoy this long weekend and the beautiful weather!

Sincerely,

Sr. Gertrude Mary
