October 15, 2021

Dear Family Members,

We are happy to tell you that the Residents, Sisters and most of the staff received the booster on Wednesday October 13<sup>th</sup>. Everyone was a bit tired yesterday but no other ill effects. Our pavilion is almost complete. There was a delay, but the roof is being installed today and we look forward to celebrating the new addition with a BBQ when the weather allows.

No one tested positive for the virus this week and we look forward to the day when life will get back to normal and our doors will again open to family, friends and volunteers. Thank you for all you do to support us in our efforts to keep the Residents safe. Although keeping the Residents safe is still a challenge, the seriousness of the virus necessitates strict protocols which I know you understand. Have a great weekend.

Sincerely,

*Sr. Gertrude Mary*
