

October 22, 2021

Dear Family Members,

Today we received notice that one of our staff members tested positive. We have had all the Residents tested and everyone is negative. We will continue serial testing for staff and Residents until at least 2 weeks have passed with no one testing positive. We will keep you posted.

This week we were pleased to begin administering the flu shot this week to staff and Residents. The vaccination campaign is going well thus far.

We will be holding our first fundraising event since 2019 at X20, Xaviars on the Hudson. This year, our traditional "Dinner by the Bite" is also being called "A Night of Renewed Hope." Thanks to so many friends and supporters, this event is already heading towards a major success! Please keep the success of this event in your prayers.

We have been instructed by the Department of Health to provide a means of obtaining information about Jeanne Jugan Residence regarding complaints, citations, inspections and enforcement actions and penalties taken against the home to all new admissions. **We are attaching this information** to make you aware as well and how to access this information if you wish. Have a great weekend!

Sincerely,

Sr. Gertrude Mary lsp
