November 13, 2021

Dear Family Members,

The approaching celebration of Thanksgiving gives us all the opportunity to thank God as we look back on an unprecedented two years! The challenges this pandemic presented has made us realize all the more how vulnerable we all are and how important it is to work together with God's help for those least among us.

Although still limited in offering access to our home, we are grateful for the overwhelming support and understanding on the part of our Residents families. Their full support in complying with the continual directives we receive have helped keep our Residents safe and healthy.

As we all know this is not over but since we are beginning to see vaccination rates increasing everywhere, restrictions may soon loosen up. In fact, CMS has issued some new guidance with regard to visitation which is currently under review by the New York State Department of Health. As you are aware, we are obliged to follow whatever guidance is the most stringent, whether it be that of the federal, state or local government. Hence, until we receive clarification from the NYSDOH we will continue to follow the procedure presently in place. We will keep you posted. Have a blessed Thanksgiving!

Sincerely,

*Sr. Gertrude Mary*
