

Jeanne Jugan Residence
2999 Schurz Ave
Bronx, NY 10465

January 7, 2022

Dear Family Members,

I'm writing to let you know that unfortunately another staff member tested positive this morning. Luckily, the staff member did not expose anyone else, neither resident or staff member. This person will follow the recommended protocols and remain home for a minimum of 5 days. They will need to be tested and receive a negative response before being allowed to return to work.

Hopefully this will be the last time we need to inform you of positive cases among the staff but this variant is definitely highly contagious and vigilance is all the more necessary to protect oneself. Have a nice weekend and staff safe!

Sincerely,

Sr. Gertrude Mary
