March 12, 2022

Dear Family Members,

We are happy to tell you that no one tested positive to the Covid-19 virus on the last round of testing nor have we had any new positive cases among staff. We are hoping to see a relaxation of some of the Covid-19 nursing home restrictions but so far, we have not received any directives from the Department of Health. We certainly will keep you posted.

March came in as a lion and today's snow/rain makes it look like we have a bit more winter weather to endure. Hope you enjoy the weekend despite the challenging weather. God bless.

Sincerely,

Sr. Gertrude Mary
