Dear Family Members,

I am happy to tell you that there were no positive cases of the Covid-19 among Residents, Staff, Sisters and Volunteers this week. The Residents have been able to get out more often now that the weather is so beautiful.

Last week we received a large donation of Impatiens. The Residents enjoyed helping the staff plant them in the beautiful raised planters a generous benefactor constructed for us. We now have a tiny Botanical Gardens on the patio!

As we prepare to celebrate the Solemn feast of the Trinity tomorrow, we remember all of you in our grateful prayers asking God's choicest blessings on all.

Sincerely,

*Sr. Gertrude Mary*
